

## **GANGAVARAM PORT LTD**

Gangavaram Port is located at Visakhapatnam, around Latitude 17° 37' N and Longitude 83° 14' E, about 15 kms south of Visakhapatnam Port.

Another example of true spirit of Public Private Partnership the State Government of Andhra Pradesh, India.

Gangavaram Port has the unique distinction of being one of the few Greenfield projects in India. Construction at the site commenced in December 2005 and the Port commenced Trial commercial operations at the port in August 2008.

Gangavaram Port has been developed as all weather, multipurpose, deepest port in India with a depth up to 21 meters capable of handling Super Cape size vessels of up to 200,000 DWT. It is providing efficient cargo handling services for a variety of bulk cargo groups including Coal, Iron Ore, Fertilizer, Limestone, Food Grains, Steel products, Petrochemicals etc.

The Port, its related facilities and material handling system have been planned to meet the highest standards in terms of pollution prevention and safety.
