

KARAIKAL PORT

Karaikal port is located on the Eastern coast of India in Karaikal District of Puducherry state around 320 Km along the coast south of Chennai Port and around 360 Km along the coast north of Tuticorin Port. The shoreline of the port falls between 10° 50'56" N and 10° 49'44" N. The port is being developed between the banks of Pravadayananar and Vettar Rivers.

This is again one of the new privately built ports by MARG Group and presently they have started with 2 berths and their idea is to built totally 8 berths.

The present berths are 230 meters in length each and have a designed draft of 12.5 meters and their future plan is to increase same to 14.00 meters.

The main commodities being handled presently, is coal, agri products, break bulk & liquid cargoes.
